

An elegant, lightweight desk embosser that will last a lifetime.

Dear Sir/Madam.

The price given is for our lightweight desk embosser. When considering value for money, please note that all of our machines are made in-house, and engraved onto 100% metal embossing plates for longevity and a crisper image when compared to plastic embossers.

This model is available in two finishes; metallic silver and an antique-look Black and Gold leaf (pictured below). All of our products come with a one-year guarantee as standard.

We thank you for giving us the opportunity to quote you and look forward to hearing from you.

"Strongly built with the antique look. Should last a lifetime if you remain at same address! Would make an ideal unusual present for a wedding or a new house."

"Longterm, cost effective stationary. This Machine is not as big as I expected (the plates are the size I expected), it creates a simple but deep elegant embossing with no effort and works brilliantly."
